THE1

Live Among The Clouds

At the heart of Sarjapur lies The1, a world of peace with all the perks of luxury living. Thoughtfully designed with sustainability in mind, it's about creating a home that feels both refined and grounded—where ordinary life feels extraordinary. With lush green parks, the Clubhouse and more, you're not just living in a home, you're part of a community that values the best in life - just like you.

The two towers of The1 - Hyperion and Centurion are named after two of the tallest trees in the world. These names aptly symbolise the endurance and the towering height that defines The1.

Extra natural lighting

Energy Savings

- Solar-powered Clubhouse.
- Solar-powered and time-controlled street lights and common areas.
- Common fast charging points for electric cars and two-wheelers.
- High-efficiency DG set (CPCB 4 rated) with acoustic enclosure and stack system.
- Beam bottom windows.

Water Savings

- Smart water meters for rainwater collection systems.
- Smart water meters that ensure close monitoring of individual usage.
- Recycling water for landscape maintenance with real-time monitoring.
- Terrace integrated robust rainwater harvesting system.
- Water-efficient fixtures or aerated fixtures for potable water supply.
- Ultra-filtered water for car wash at dedicated vantage points.
- High-efficiency BEE 4-star rated pumps which save on running costs.
- Groundwater recharge integrated with bore wells.

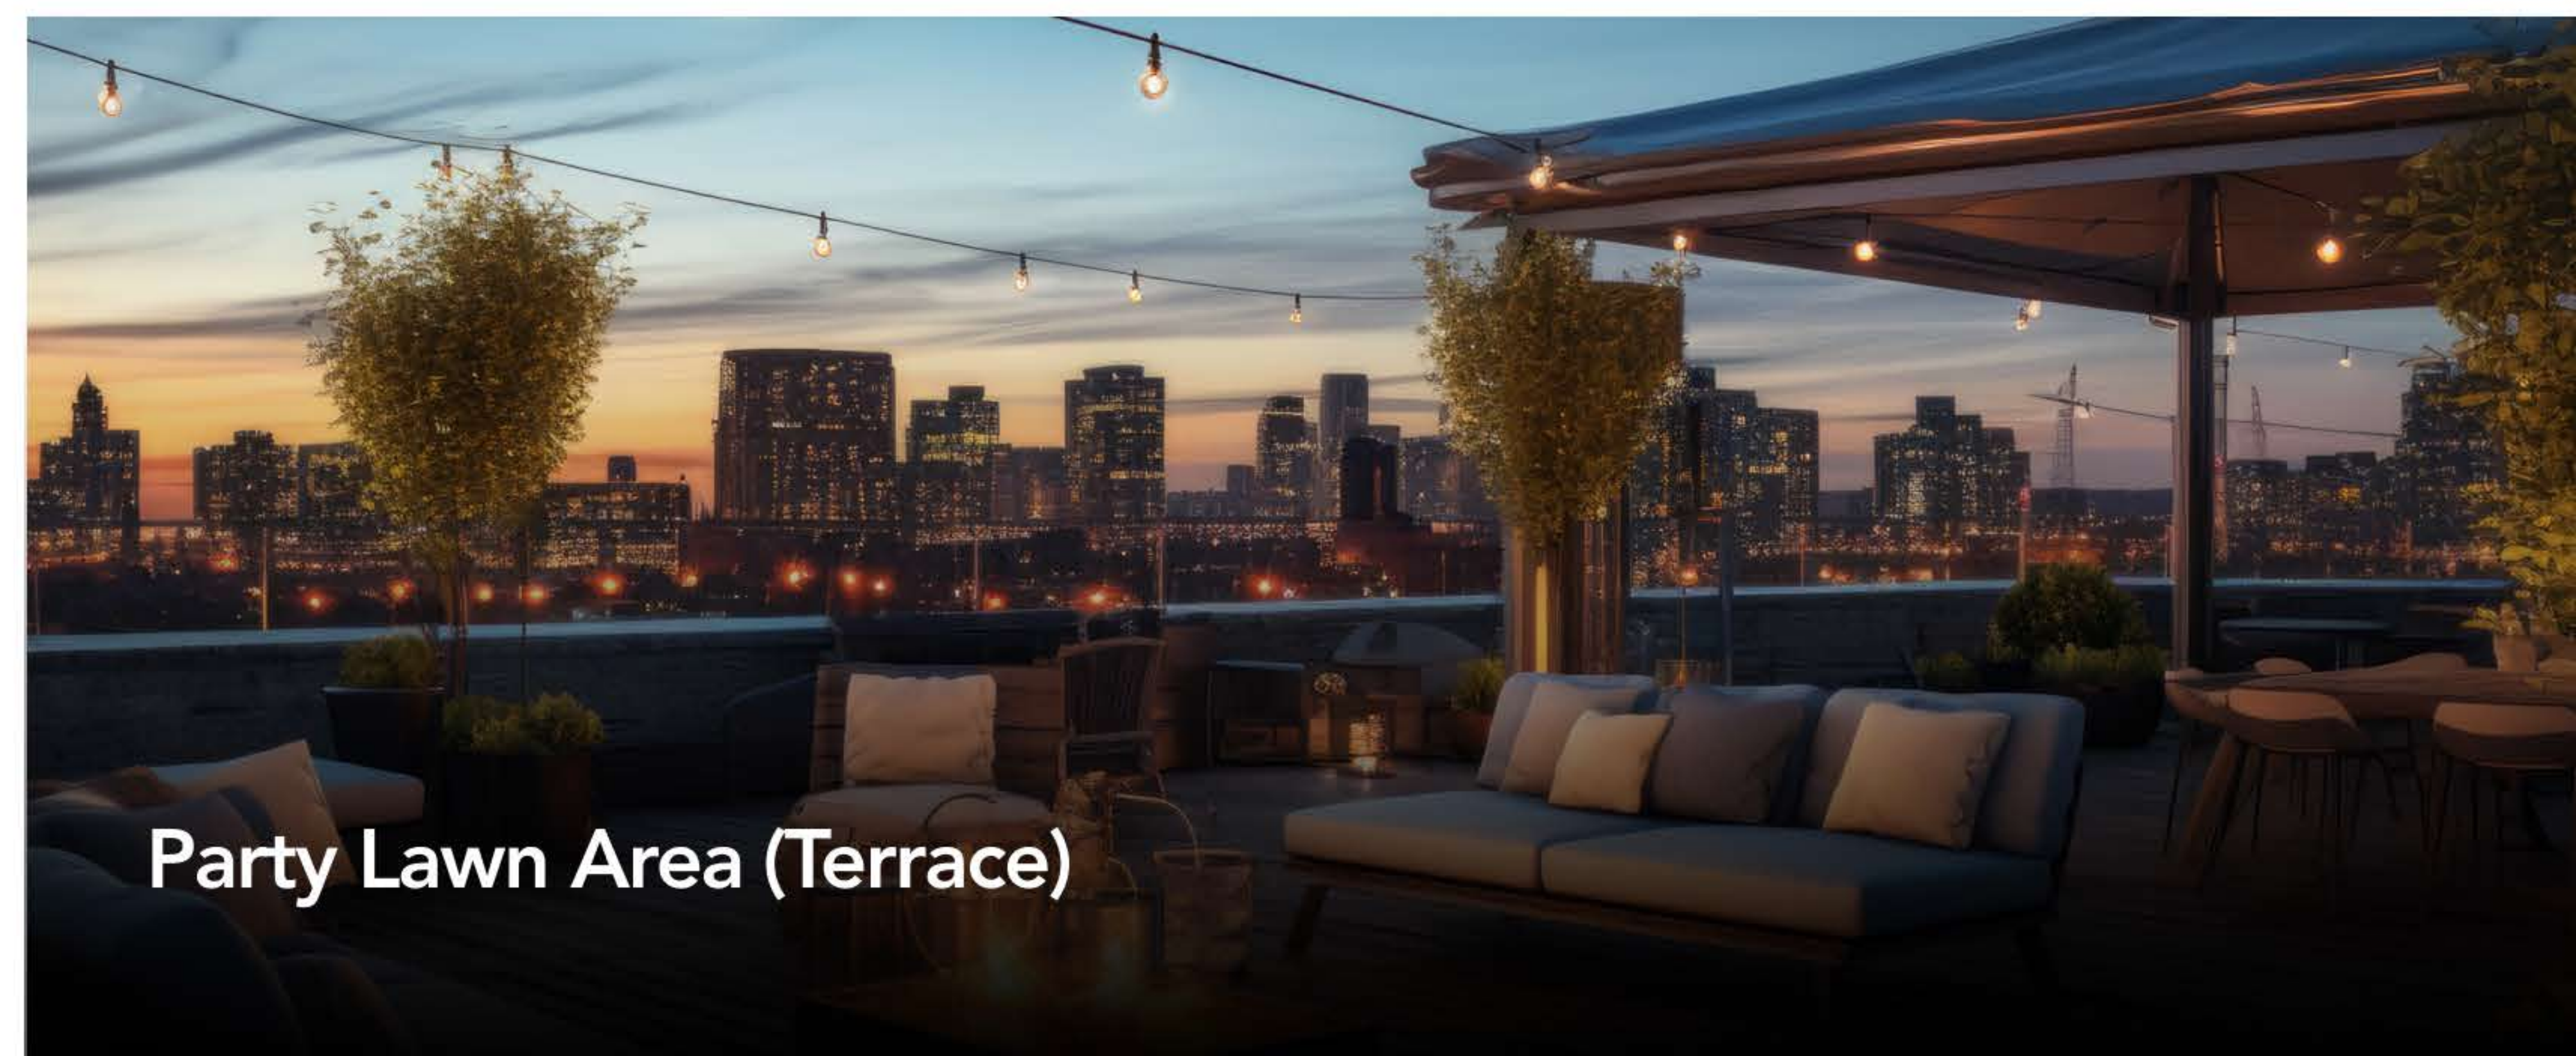

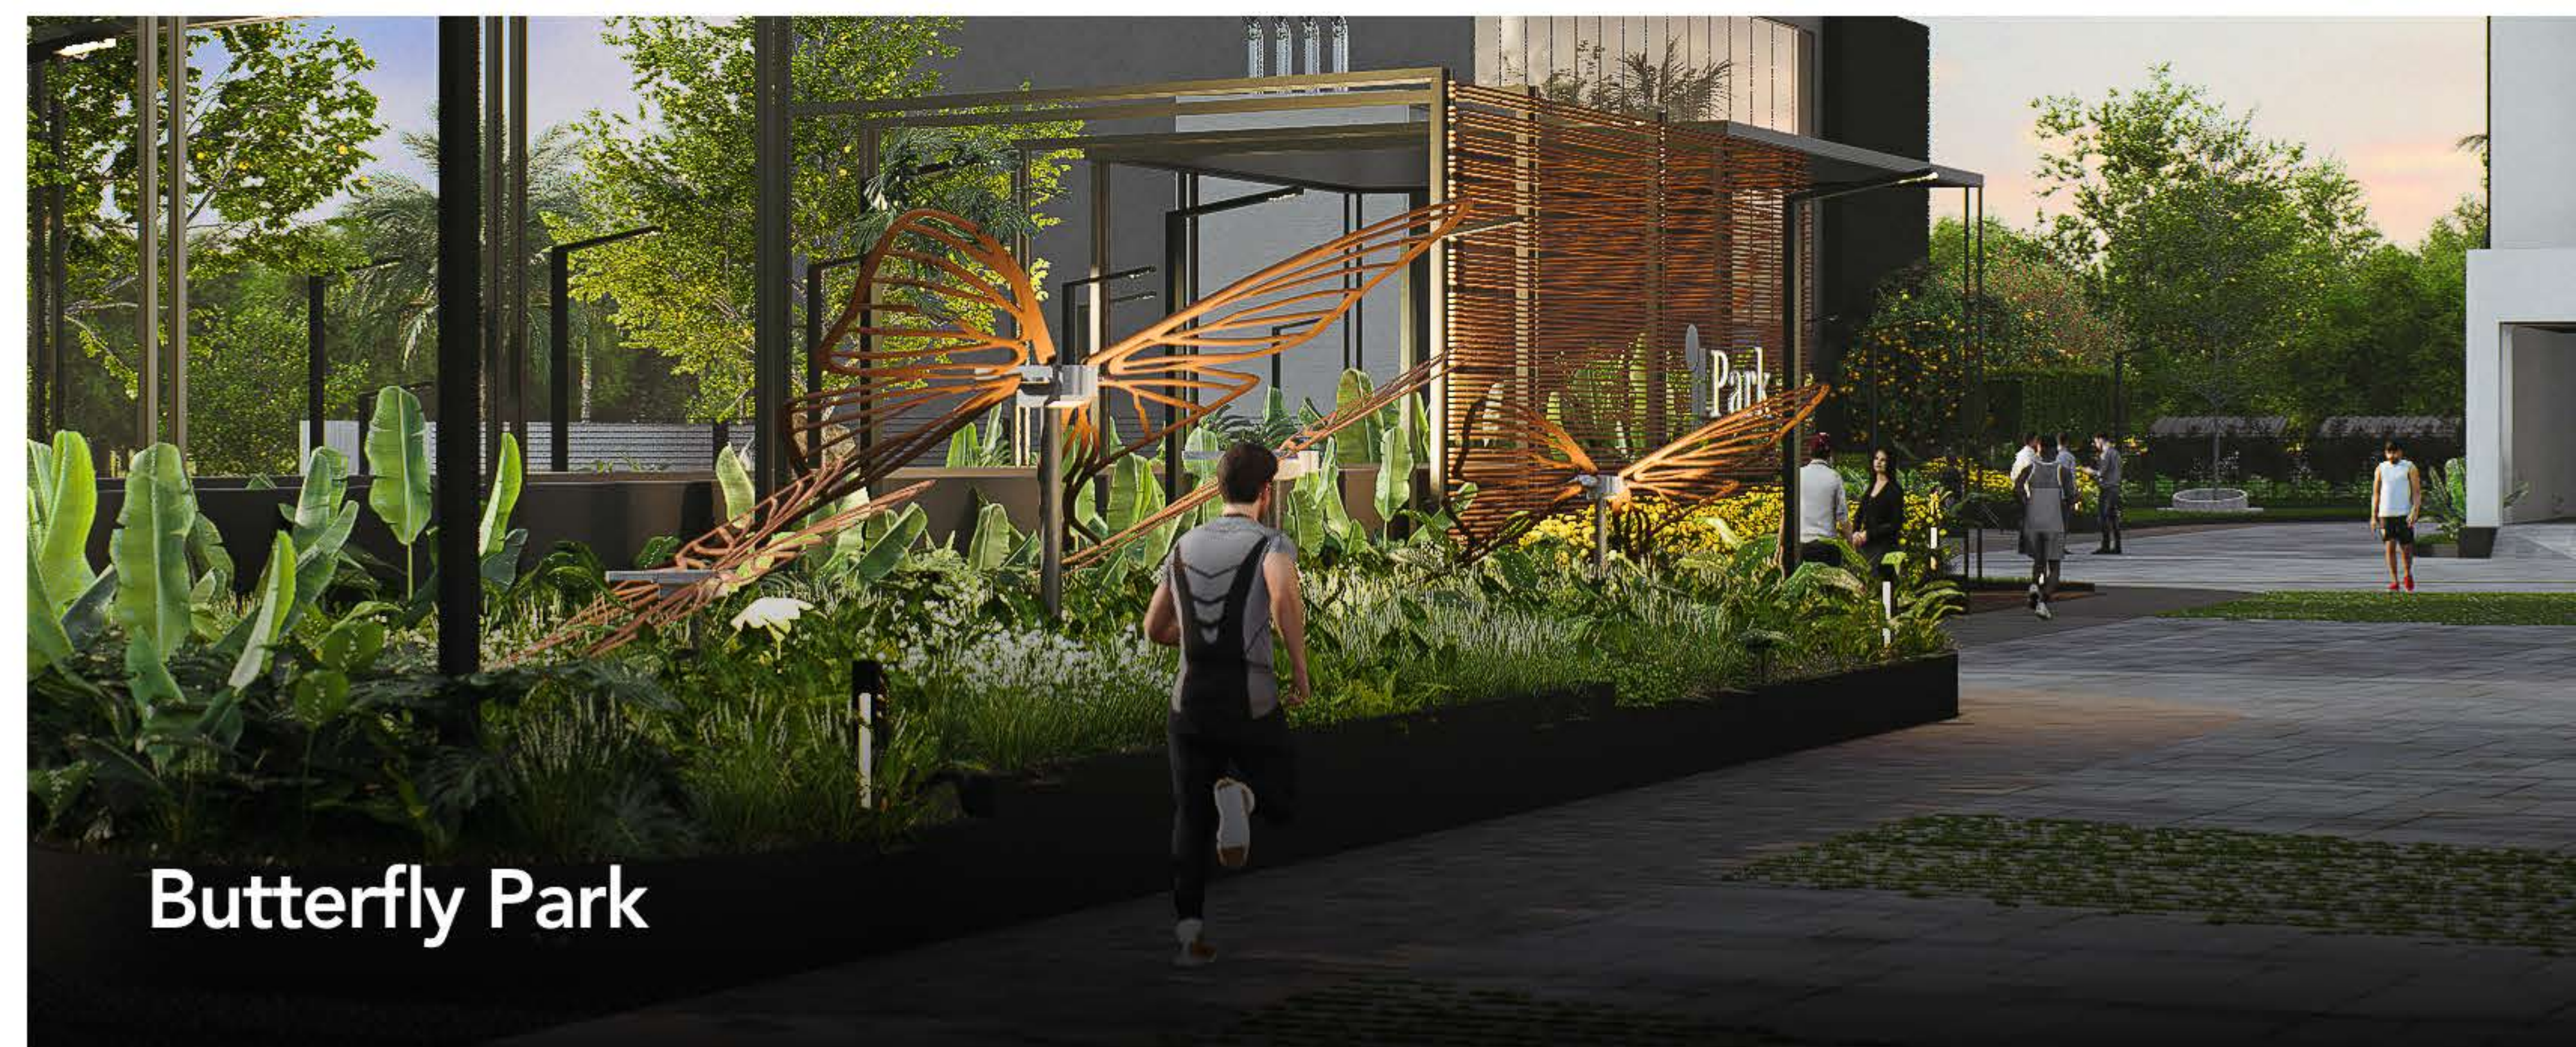

Sustainable Disposal Solutions

- Sewage treatment plant with acoustic enclosure and real-time monitoring system.
- Water treatment plant for all input raw water. All supplies for potable use will be through the WTP.
- Organic waste converter and reuse of manure for gardening purposes.
- Dual plumbing system with tertiary-treated recycled water for flushing.
- Surface drain water collection through deep recharge pits.
- Reuse of topsoil for landscape purposes.

Specifications

Structure

Monolithic Concrete as per relevant BIS Codes for earthquake resistance (Seismic Zone), Structurally efficient systems Implemented. This method ensures efficiency, precision, speed and quality.

Wall finishing

- **Internal walls:** Smoothly finished with putty and acrylic emulsion paint(Asian Paints/equivalent).
- **Bathroom:** Reputed make of GVT/ceramic tiles cladding with spacers up to false ceiling height.
- **Kitchen:** Provision for Modular Kitchen.

Walls

- **Reinforced shear walls** - Walls are 2 hours fire-rated.

Painting

- **External finishing:** Two coats of exterior weather shield emulsion over one coat of primer paint of reputed brands with architectural features.
- **Balcony/ Terraces:** External grade weather proof paint.
- Enamel paint on all railings.

Waterproofing

- Waterproofing provided for all bathrooms, balconies, planter boxes, and utility area.
- PU membrane terrace waterproofing with Fosroc/ BASF/Pidilite. Anti-reflective paint (95% SR Value) on terrace over water proofing.

Plumbing

- Hans Grohe or equivalent make ISI Chrome plated fittings. Plumbing provision for water inlet and drain provision for water purifier, sink, washing machine and dishwasher
- Ceramic sanitary fittings: TOTO or equivalent.
- Low flow aerated fixtures (Greenpro labelled) for potable water increased efficiency.
- Noiseless water pressure pump: Grundfos or equivalent for the top two floors.
- Solar water heaters for penthouse units.
- Pressure rating of the pipes: 6 bar. All internal pipes with CPVC and external with UPVC.
- AC outlet drain provision in the shaft.

Grid Power And Backup Power

- **EB power:** 5KW for 3BHK & 7KW for Penthouse.
- **DG power backup for flats:** 100% DG backup power. Cummins or equivalent of CPCB 4 that gives high power efficiency.
- **Common areas:** 100% backup for lighting, elevators, and utilities.

Flooring

- **Living room, kitchen, dining, and bedrooms:** Double charges/ GVT large vitrified tiles with spacers (2'*4').
- Bathroom, Balcony and utility: Anti-skid ceramic tiles/ vitrified flooring with spacers.

Windows

- All windows are 3 track UPVC glazed sliding with mosquito mesh shutter. Glazing with toughened glass (Saint Gobain).
- Windows designed for the required wind loads for high rise. Wind load certifications by authorized agencies.
- Large windows up to beam bottom enhancing air circulation and natural lighting.
- Toilet ventilator: Louvers and exhaust fan provision.

Electrical

- Concealed fire-rated copper wiring of reputed make (FRLS).
- Power outlet (16 Amps) for air conditioners in all bedrooms and living room.
- Accessible ledges for AC outdoor units and sleeve provision.
- Power outlets for chimney, Geyser, hob, refrigerator, microwave oven, mixer/grinder, and water filter.
- Washing machine and dishwasher provision in the utility area.
- Individual BESCOM provided KWH meters.
- Miniature circuit breakers and Residual current circuit breakers for each distribution board of ISI reputed make.
- Modular switches of ISI reputed make (GM/Anchor Roma/Legrand or equivalent).
- Provision for smart switches for major points including curtain motors.
- TV points in the living room and master bedrooms.
- Telephone/Data point in the living room and master bedroom.
- VDP provision for the main door.
- Instant geyser provision in the utility area.

Security

- Sophisticated round-the-clock security/ surveillance system.
- Surveillance cameras at the main security, common areas, and building periphery.
- Peripheral security with boom barriers integrated with car reader.
- App-based panic alarm system.

Car Parking

- One Covered car parking provided for every apartment. Extra car park available at additional charge.

Lobby

- Reception lobby with granite/marble floor finish.
- Vitrified tile flooring in basement and upper floor lobby.
- Service staircase and service lobby with granite tiles in lower level.
- All lobby walls will be finished with textured paint and ceilings with distemper.

LPG / PNG

- Supply of LPG/PNG with piped GAIL gas system with gas meter.

Solid Waste Management

- Segregation at source
- Organic waste converter, Reuse of manure for gardening.

Bathroom

- Senior citizens/specially abled friendly common bathroom.
- Sanitary fixtures: Wall-mounted EWC on a ledge wall, soft close seat cover (TOTO or equivalent).
- Telephonic shower and rain shower for master bed toilet (Green prorated- Hans Grohe or equivalent).
- False ceiling: Grid false ceiling with PVC coated tiles and shadow channels.
- Granite countertop wash basin with hot and cold mixer in master bed toilet (Green prorated).
- Exhaust fan provision.
- Geyser provision in all toilets.
- All toilets of the last two floors will have solar water connection.

Doors

- Main door: Engineered wooden doors with full jamb frames and engineered veneer shutters fitted with smart lock (Yale or equivalent). Full height doors up to beam bottom.
- Internal doors: Engineered doors with engineered veneers solid core shutters with reputed hardware.
- Bathroom doors: Granite frame with Engineered wood shutters with reputed hardware.
- All hardware of ISI approved make- Stainless steel fittings.

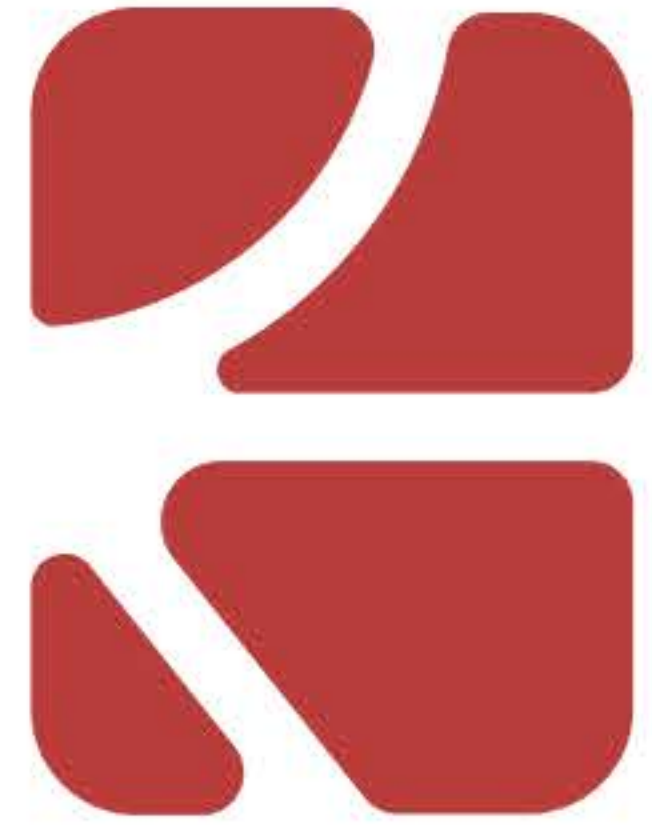

Elevator

- Power-efficient V3F drive with gearless, high-speed elevator of reputed make (Kone/Mitsubishi/Johnson or equivalent), (13 pax).
- Two-way communication system, automatic rescue device, floor annunciator, and CCTV enabled.
- Exterior granite cladding in the lobby face. SS finish and mirror cladding for interiors with grab bars and granite flooring.
- Service/fire elevator-stretcher friendly (20 pax).

Fire Safety

- Fire alarm, public address system, automatic sprinklers, fire extinguishers, and wet risers as required in all common areas as per fire norms.
- Fire tank and pumps integrated with curtain system, fire alarm & public address system. Fire command center at the ground floor. Sprinklers and curtain system in the basement parking area.
- External fire hydrants on the driveways as required under fire norms.
- Wet risers on every floor.
- Fire tower with fire refuge floors. Emergency fire doors are 2 hours fire rated.
- Sprinklers, smoke and heat detectors inside the apartment.
- Mechanical ventilation with CO2 monitoring device for basements.
